

§ 23.45

§ 23.45 What are the requirements for submitting overall goal information to the FAA?

(a) You must submit your overall goals to the appropriate FAA Regional Civil Rights Office for approval. Your first set of overall goals meeting the requirements of this subpart are due on the following schedule:

(1) If you are a large or medium hub primary airport on April 21, 2005, by January 1, 2006. You must make your next submissions by October 1, 2008.

(2) If you are a small hub primary airport on April 21, 2005, by October 1, 2006.

(3) If you are a nonhub primary airport on April 21, 2005, by October 1, 2007.

(b) You must then submit new goals every three years after the date that applies to you.

(c) Timely submission and FAA approval of your overall goals is a condition of eligibility for FAA financial assistance.

(d) In the time before you make your first submission under paragraph (a) of this section, you must continue to use the overall goals that have been approved by the FAA before the effective date of this part.

(e) Your overall goal submission must include a description of the method used to calculate your goals and the data you relied on. You must “show your work” to enable the FAA to understand how you concluded your goals were appropriate. This means that you must provide to the FAA the data, calculations, assumptions, and reasoning used in establishing your goals.

(f) Your submission must include your projection of the portions of your overall goals you propose to meet through use of race-neutral and race-conscious means, respectively, and the basis for making this projection (see § 23.51(d)(5)).

(g) FAA may approve or disapprove the way you calculated your goal, including your race-neutral/race-conscious “split,” as part of its review of your plan or goal submission. Except as provided in paragraph (h) of this section, the FAA does not approve or disapprove the goal itself (*i.e.*, the number).

49 CFR Subtitle A (10–1–14 Edition)

(h) If the FAA determines that your goals have not been correctly calculated or the justification is inadequate, the FAA may, after consulting with you, adjust your overall goal or race-conscious/race-neutral “split.” The adjusted goal represents the FAA’s determination of an appropriate overall goal for ACDBE participation in the recipient’s concession program, based on relevant data and analysis. The adjusted goal is binding on you.

(i) If a new concession opportunity, the estimated average annual gross revenues of which are anticipated to be \$200,000 or greater, arises at a time that falls between normal submission dates for overall goals, you must submit an appropriate adjustment to your overall goal to the FAA for approval no later than 90 days before issuing the solicitation for the new concession opportunity.

[70 FR 14508, Mar. 22, 2005, as amended at 77 FR 36931, June 20, 2012]

§ 23.47 What is the base for a recipient’s goal for concessions other than car rentals?

(a) As a recipient, the base for your goal includes the total gross receipts of concessions, except as otherwise provided in this section.

(b) This base does not include the gross receipts of car rental operations.

(c) The dollar amount of a management contract or subcontract with a non-ACDBE and the gross receipts of business activities to which a management or subcontract with a non-ACDBE pertains are not added to this base.

(d) This base does not include any portion of a firm’s estimated gross receipts that will not be generated from a concession.

Example to paragraph (d): A firm operates a restaurant in the airport terminal which serves the traveling public and under the same lease agreement, provides in-flight catering service to air carriers. The projected gross receipts from the restaurant are included in the overall goal calculation, while the gross receipts to be earned by the in-flight catering services are not.
